

RISE Delaware Update for July 20, 2023

RISE Update: Thanks for attending the RHBAS meeting this morning!

Thanks to everyone who attended and listened to the Retiree Healthcare Benefits Advisory Subcommittee meeting this morning! We had lots of RISE folks in the conference room and connected through the virtual platform and we feel that we made a significant impact with our comments. Thank you for your comments—they were terrific and to the point!

It is clear that the subcommittee still has work to do but the general tone of the discussion was that for the current retirees, if there is a choice, it will be a choice among several Medicare Supplemental plans and that Medicare Advantage would not be part of those choices. But no votes have been taken by the subcommittee on any of these issues. So, although the tone of the discussion was positive, we need to stay vigilant.

Again, many thanks to those people who drove to Dover for the meeting. We know that some folks who were in the meeting virtually could not have attended in person. So, thank you for making the sacrifice to drive to Dover. We know that there are many other ways that you could spend your morning! It was wonderful to see so many people come out for the meeting and we will keep you updated on future meetings and next steps.

Thanks again!

Lisa Diller
